

Livestock Identification Services Ltd.

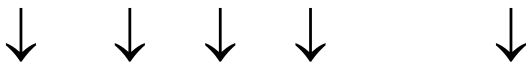

As passed at the last CCIA Board Meeting - March 14th, 2005

All cattle leaving the herd of origin as of September 1, 2006, with the exception of community pastures, exhibition sites, vet clinics, and dead stock, must be tagged with CCIA approved RFID tags. Bar-coded tags on cattle leaving the herd of origin prior to September 1, 2006 will be recognized only until December 31, 2007.

Recommendations for Wand Reader Configurations

■ Reads Electronically as:

LA 00000 0 124 000299999999

Animal Reserved Flag Country Unique ID Number

The ideal way to set up an RFID Tag Reader is to read the whole tag, as displayed above. The minimum amount of information should be the Country Code and Unique ID Number. If you need assistance setting up your wand reader, feel free to call LIS Ltd head office (403) 509-2088 or toll free 1-877-509-2088.
